OUR PLANS

◌ To keep our editorial and presence as the best in the market with our own in-house experts, journalists and production teams

◌ To ensure ease of access in a digital world launching in 2023; MEM – INMOTION
MEM – TECHNOLOGY
MEM – MANUFACTURING
MEM – INFRASTRUCTURE
MEM – SUSTAINABILITY
MEM – CONSUMER
MEM – HEALTH

◌ To engage with the future of engineering and manufacturing from Summer 2023 and beyond

◌ To continue to be relevant to all of our current and future readers

◌ To fully support all of our media partners across the world

DIGITAL PRESENCE

Our focus is aligned across the next 12 months with our global media partnerships around Trade Events and also contains original content.

OUR LATEST NEWS

This is managed and amended daily and also key stories are shared across social media and highlighted in our two weekly newsletters to all subscribers.
Why publish in MEM?

Manufacturing & Engineering Magazine (MEM), is the leading UK based monthly print & digital publication focused on promoting innovation in manufacturing and engineering available in the UK.

WE COVER

**MEM IN MOTION**
- Rail
- Marine
- Automotive
- Aerospace
- Space
- Military & Defence
- Motorsport

**MEM INFRASTRUCTURE**
- Oil & Gas
- Fabrication
- Nuclear
- Mining
- Civil & Structural Engineering
- Construction Products

**MEM HEALTH**
- Health & Safety
- Medical Technology
- Pharmaceuticals
- Supplies
- Consumer
- Public Sector

**MEM TECHNOLOGY**
- Testing/NDT
- Industry 4 & Smart
- Data Centres
- Academia/R&D
- Automation & Robotics
- Training

**MEM MANUFACTURING**
- Additive
- Tooling
- Sub-Contract
- Composites
- Chemical
- Software
- Machinery

**MEM SUSTAINABILITY**
- Energy Generation
- Recycling
- Water Management
- Waste Management
- Environmental
- EV & Fuel Cells

**MEM CONSUMER**
- Food & Drink
- Electricals
- Furniture & Furnishings
- Textiles & Clothing
- Packaging & Production
- Sports & Leisure

We have over digital 50,000 views of each issue of MEM on average each month in 2022 and go to print monthly and also publish in our newsletter, (each issue is available free for 12 months digitally).
HOW WE WORK WITH OUR CLIENTS

WE ORIGINATE AND MANAGE EDITORIALLY

- We work with clients on original content
- Planning within a calendar year
- Expert analysis, larger full company profile, key product launches, topic focuses and sector presence as well as events
- The best quality publication
- Open and honest with self funding, sponsored and supported funding options available
- Our magazine is recognised as adding credence and value to the importance of an article and organisation editorially and offers a unique service post publication for our clients

### MEM 517 | NOVEMBER 2023

**MEM HEALTH**
- Annual Health & Safety review
- Remote working and post-Covid with the HSE

**MEM SUSTAINABILITY**
- Environmental annual review

**MEM TECHNOLOGY**
- R&D and Academia annual focus part two

**MEM INFRASTRUCTURE**
- Sustainable buildings design and development

**MEM INMOTION**
- Aerospace supply chain review
- EV technologies in Automotive

**MEM CONSUMER**
- Sports & Leisure manufacturing review with Made in Britain

**MEM MANUFACTURING**
- Sustainable plastics manufacturing
- Local Government supporting manufacturing

### MEM 518 | DECEMBER 2023

**MEM HEALTH**
- NHS supply chain review
- GAMBICA annual focus

**MEM SUSTAINABILITY**
- Futurebuild 2024 preview

**MEM TECHNOLOGY**
- Data Centres
- Robotics in Manufacturing

**MEM INFRASTRUCTURE**
- Fabrication annual focus
- Structural Engineering focus on Bridges

**MEM INMOTION**
- Motorsport annual review
- Commercial vehicle future technologies

**MEM CONSUMER**
- Textiles and Clothing

**MEM MANUFACTURING**
- Welding and Laser cutting in engineering
- Tooling focus
UPCOMING ISSUES

MEM 519 JANUARY 2024

MEM HEALTH
○ Medical Technology innovations review for 2024

MEM SUSTAINABILITY
○ Sustainable Water Management

MEM TECHNOLOGY
○ Automation and Robotics in major UK engineering

MEM INFRASTRUCTURE
○ Warehouse and Logistics annual focus on construction

MEM INMOTION
○ Aviation future technologies
○ Bus manufacturing annual focus

MEM CONSUMER
○ Electricals and Lighting annual focus

MEM MANUFACTURING
○ Annual focus on Chemicals in manufacturing
○ Software innovations for 2024

MEM 520 FEBRUARY 2024

MEM HEALTH
○ NHS approval and how to get there
○ FUJIFILM Healthcare major feature

MEM SUSTAINABILITY
○ Futurebuild focus on sustainable construction products

MEM TECHNOLOGY
○ Advanced Materials Show, Advanced Ceramics Show

MEM INFRASTRUCTURE
○ Futurebuild focus on housebuilding in the 21st century

MEM INMOTION
○ Annual review of aerospace and space manufacturing in Europe
○ Hydrogen Tech Expo 2024

MEM CONSUMER
○ Packaging and Production planning focus

MEM MANUFACTURING
○ National Manufacturing Institute for Scotland focus
○ Metals forge and engineering focus
MEM 521  MARCH 2024

- **MEM HEALTH**
  - Focus on supplies manufacturing for Pharma and Med Tech

- **MEM SUSTAINABILITY**
  - Sustainability in manufacturing technologies annual review

- **MEM TECHNOLOGY**
  - Machine Tools innovations

- **MEM INFRASTRUCTURE**
  - Nuclear focus on Sellafield
  - Civil Engineering focus on urban regeneration

- **MEM INMOTION**
  - Fasteners
  - Composites and Supply chain review of European Automotive

- **MEM CONSUMER**
  - Food & Beverage MADE IN BRITAIN focus

- **MEM MANUFACTURING**
  - MACH 2024 show magazine

MEM 522  APRIL 2024

- **MEM HEALTH**
  - R&D in Medical development focus

- **MEM SUSTAINABILITY**
  - EV Charging in domestic
  - Heating technologies in domestic

- **MEM TECHNOLOGY**
  - Robotics in Subsea and Oil and Gas

- **MEM INFRASTRUCTURE**
  - Energy Generation and Earth Moving
    - JCB
    - Caterpillar and Komatsu

- **MEM INMOTION**
  - Specialist Automotive UK manufacturing

- **MEM CONSUMER**
  - Focus on manufacturing in sustainable heating and energy

- **MEM MANUFACTURING**
  - CHEMUK2024 Show magazine
  - West Midlands manufacturing focus
We interview and write our features ourselves and work directly with feature clients to ensure editorial excellence.

We aim to reach as many with our magazine and will continue to publish in print, digital and also across many social media formats.

Time is of essence in putting together the best feature and we plan our magazine up to three months ahead.

If you have news to share drop an email to editorial@memuk.org.
